Columbia, SC 29210

Re: Application of Blue Granite Water Company for Approval to Adjust Rate  
Schedules and Increase Rates  
Docket No. 2019-290-WS

Dear Ms. Boyd:

In the Commission's directive dated March 25, 2020 and issued in the above-referenced proceeding, the Commission directed Blue Granite Water Company (the "Company") to file rate schedules reflecting the adjustments referenced in the directive. For water service, the Company was directed to provide alternate rate schedules with one rate schedule reflecting no change or increase in the Base Facilities Charge and a second rate schedule that splits or distributes the rate change between the Base Facilities Charge and the volumetric commodity charge for water consumption. The requested rate schedules and supporting files are attached hereto as Attachments A and B, respectively.

Notwithstanding the Company's compliance with the Commission's directive by providing these rate schedules, the Company believes that the adjustments described in the Commission's directive and supported by the reconciliation provided by Commission staff—which are reflected within the rates contained within the provided rate schedules—are affected by errors. By providing these rate schedules, the Company is in no way waiving or otherwise compromising its right to request reconsideration at the appropriate time.

Kind regards,

Sam Wellborn
